ANNOUNCEMENTS.

TERMS.—County Treasurer, \$10. State Delegate, \$5. Strictly in advance.

COUNTY TREASURER.

We are authorized to announce GEORGE W. HOLMES, of Tionesta, as a Republican candidate for County Treasurer, at the ensuing primary election, Saturday, June 1st.

We are authorized to announce JOSEPH GREEN, of Hickory township, as a Republican candidate for County Treasurer, at the ensuing primary election, Saturday, June 1st.

We are authorized to announce WADE H. BRAYER, of Kingsley township, as a Republican candidate for County Treasurer, at the ensuing primary election, Saturday, June 1st.

The county has outgrown the Wall street speculators. Their Black Fridays no longer affect the general calendar.

It seems to be the contention of the alienists that a man can be sane when he chooses to be and insane when he feels like it.

BALLOONING has been added to the curriculum of the United States army. An airship navy will in all probability be the next thing on the appropriation bill.

Wireless messages have been exchanged between Point Loma, on the Pacific coast, Pensacola, Fla., and the battleship Connecticut in New York harbor. It will not be easy in the next war to steal a march on a competent wireless department.

THE Census Bureau has issued a bulletin announcing that the per capita of public indebtedness in the United States is \$35.60. The total indebtedness, including national government, state, county, township, precinct and school district debts, is \$2,789,990,120. It is pointed out however, that for every \$2.65 of public indebtedness there is \$100 of national wealth. In Great Britain this ratio is \$10.50, instead of \$2.65; in France \$14.26; in Italy \$17.38, to \$100 national wealth.

THE local option bill was effectually killed in the House at Harrisburg Monday night. The proposition to place the bill on the calendar, notwithstanding the negative recommendation of the committee having it in charge, was defeated by a vote of 98 to 89, less than a constitutional majority voting in the affirmative. The fight lasted for three hours. A motion to reconsider may prevail to bring the matter up again, but it is evident the bill has no friends enough in the legislature to pass it.

REPRESENTATIVE MCINTYRE, of Mercer, has introduced in the Legislature a bill to make possible a more general taxation of dogs. It requires that every dog shall wear a collar to which shall be attached a metal tag supplied by the commissioners and distributed by the tax collectors when taxes are collected each year. Should the tax assessed not be paid and the other requirements of the act not be complied with by the end of each year, it becomes the duty of constables to kill all dogs not equipped with collar and tag. For each dog killed the constable shall receive a fee of fifty cents. Every person keeping or harboring a dog about his premises shall be considered its owner for all purposes of the act.

ON the subject of vaccination, which is just now claiming a good deal of the attention of the lawmakers at Harrisburg, the Franklin News very sensibly remarks: A vaccination bill recently introduced in the house, which requires all children to be vaccinated within two years after birth, will be opposed all over the state because of its drastic features. All the state policeman couldn't enforce it. The people won't have it. It is not disputed that smallpox, the former scourge and horror of mankind, has been reduced to a minimum by means of the vaccine virus. The anti-vaccination people oppose the present law as unfair and unequal. Why, they ask, does not the law compel teachers as well as pupils to be vaccinated? And why not vaccinate the directors and the parents, to say nothing of the people who crowd the churches, the theatres, the basket ball games, the bowling alleys and the bar rooms.

ONE of the most interesting announcements made for future consideration is that ex-Judge Harry White, of Indiana county will be a candidate for the Republican nomination to congress next year in the Twenty-seventh District. Judge White has been a more or less conspicuous figure in Pennsylvania politics for almost half a century. He was a member of the state Senate 41 years ago, and of the constitutional convention of 1873, served in the Civil War, later was elected to congress, and then held the position of Common Pleas Judge in his district for 20 years. Evidently he enjoys public life and the conflicts of politics, or at his age he would hardly care to take the field for another tussle. It is understood that he believes it is anybody's fight under the new primary election law; that it will not be a question of giving the nomination to this or that particular county, and that the untried law under which congressmen in many districts were conceded two terms and no more has been abrogated. This is a fair estimate of the effect of the new system and there are likely to be some highly interesting events in more than one district in consequence. —Philadelphia Press.

Kellettville.

Geo. Arnold and family, of Oil City, are visiting the former's father. Mary Ray, of Warren, is visiting her brother, Jake Ray, who has been seriously ill, but is now slowly improving. The band concert at East Hickory, given by the Kellettville Concert Band, was a grand success. There was a large attendance. Belle Southworth, who has been visiting her cousin, Mrs. R. M. Cohoon, has gone to her home at West Hickory. Jerry Jones was home from Warren over Sunday. George Whitton, of Stewart Run, visited his daughter, Mrs. W. C. Sizle, a few days last week. Harry Pierson intends starting for Washington the middle of next month. We are sorry to see you go, Harry. Mrs. M. Andrews has gone to Cleveland for a few days. John Wolfe is on the sick list. The fourth number of our lecture course, the Jackson Co., will be given in Andrews' hall, Wednesday night, March 27th. Verma Miller expects to leave Monday for Clarion, where she will attend school. Edwin Slocum has been suffering from a severe attack of pneumonia.

Start and Surroundings.

Our beautiful summer days have been suddenly checked by the chilly winds which were still in store for spring days. Our farmers were already laying plans to arrange the roll of calculation for the their farms of the last approaching season. A. Rhoads had the misfortune of losing one of his team horses but since has purchased another in its place, so not many days were idle from duty for want of a team. The drill is again heard in No. 2 on the Transit Co. tract, of which the citizens of that vicinity have a lease. Well No. 1 has been a fair pomper for some time. Mrs. Andrew Walter was called by a telegram to Embleton on account of the serious sickness of her mother. Lawrence Zueddel and Florence and Roy Jensen were at home during a week's vacation between terms of the Clarion Normal, where they are attending school. James Miller, of East Hickory, has returned home from his job in which he was engaged this winter for Cropp & Snider. H. W. Ledebur has rented his two farms for the coming season to Mr. Bennett, who has been engaged on a tie job for Amos Ledebur the past winter. B. J. Weller is moving to the farm again from his lumbering job at Fools Creek, where he has been running the establishment for A. L. Weller, of Kellettville. The famous black crows have adopted the silver men's motto; by the way the doves gather on the farms it is almost 10 to 1.

Porkey Items.

Mrs. Frank Littlefield returned home last week after paying a visit to her sister-in-law, Mrs. Robert Downey, a Lynch. Mr. and Mrs. Oscar Fairweather visited their parents at Kane and Lamont over last Sabbath. Mr. Fairweather returned on Monday leaving his wife to continue her visit. John Stoyer of Sheriff called on John Littlefield's place. Jonas Shunk of Whig Hill was circulating among friends in town Saturday between trains. John Littlefield had the misfortune to fall from the top of an 84-foot oil derrick and sprained his foot quite badly, which will lay him off for some time. Will Ledebur of Tionesta visited his cousin, Geo. Hinn, and family a part of last week. Mrs. Clyde Reed and two sons of Clarion visited Mrs. H. E. Gillespie last Friday. Grandma Bennett is reported as being on the sick list, but was some better at last accounts. Willis Hunter of Minister has moved his family to Tyroneville. Mr. Hunter expects to depart some time soon for the Illinois oil field. Mrs. Mabel Littlefield and Miss Kittie Hepler called on friends at Bluejay Saturday between trains. Mrs. O. E. Rupert visited friends at Bluejay a couple of days last week. Mearl Kenneth, the three-year-old son of Mr. and Mrs. Jacob Swatzfager died at the Emergency hospital at Warren, Wednesday morning, March 20, '07, after a short illness from appendicitis. The remains were brought to the home of his parents and then taken to Shippenville for burial. The bereaved parents have the sympathy of all in their sad affliction. Mrs. Wm. Slocum visited her daughter, Mrs. A. L. Bichasta, at Hastings Saturday. She was accompanied home by her little granddaughter, Twila Highgate. H. E. Gillespie visited friends at Kellettville Sunday. Mr. and Mrs. Jas. Swatzfager of Ridgeway were called here last week to attend the funeral of little Mearl Swatzfager. Five children of Mr. and Mrs. Wesley Durnall are ill at present writing. A. L. Weller's mill up Porkey run has been shut down for the past ten days on account of a breakage of the engine, which was taken to Warren to undergo repairs. Traffic was suspended on our railroad a few days last week on account of high water and ice gorges, but everything is cleared up and trains are running on schedule time again.

Letter to T. D. Collins,

Tionesta, Pa.

DEAR SIR:—No man is in a position to influence more with regard to their property more than you in that little room where they tell you their troubles. Pity, if you don't know how to keep a house dry and sound, any sort of structure house store factory warehouse shop barn fence—any sort of fence, except rail; with paint. What paint? The paint that takes least gallons; for paint costs money, and putting it on costs twice as much as the paint. That is short; but that's all; it includes the rest. One paint wears long, another wears short; but the one that wears long is the least-gallons paint; least-gallons means pure and strong, and most-gallons means adulterated and weak, besides small gallons. Paint is one of the biggest interests in the United States; not the business of making it; no, the business of paint, taking care of property. Paint is worth a great deal more than it costs, and the best costs least; Devoe.

Yours truly, F. W. DEVOE & CO., New York. P. S.—Dunn & Fulton sell our paint.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Little Daughter of Rev. Paul J. Slonaker Badly Burned.

Rev. Dr. Slonaker, of Brookwayville, through whose efforts the past winter's lecture course was secured for Tionesta, was misled from the last number of the course, the Jackson concert, on Thursday evening. In a note to the REPUBLICAN Dr. Slonaker explains the reason and gives this account of the serious accident which befell their sweet little daughter, Frances: "I had planned to be at the Jackson Concert Company entertainment but was hindered because of the serious accident that befell our home. On Tuesday evening, 19th inst., Mrs. Slonaker had put the children to bed and had gone down to the library to read. Frances got up to go to the bath room and in passing an open gas stove her night gown took fire. Paul, her nine-year-old brother, (and what a hero he was,) hearing her screams, ran to her and finding his sister all in flames, snatched a quilt from the bed and wrapped her in it and smothered the flames out. When Mrs. Slonaker reached the room Paul said, 'I got it out, Mama!' Paul saved his sister's life. As it was, her left leg was burned from the ankle to four inches above the hip, so that the skin came off, and her left hand, as the doctor said, 'was just cooked,' besides other burns. Frances is doing nicely and is going to get well." Dr. Slonaker also says in his letter, concerning the lecture course just ended: "You have always been very kind to me, for which I thank you very much. I wish now to thank you for your aid in securing and promoting the lecture course which has just closed in Tionesta. You were very kind in announcing each attraction. Many, many thanks. I wish through you to thank the County Commissioners for granting the use of the court house for the entertainments. And also wish to thank those who made the course possible by purchasing season tickets, and all who contributed in any way."

Obituary.

Mearl Kenneth, son of Jacob and Laura Swatzfager, was born at Frosttown, Forest county, Pa., January 8, 1904, and died of appendicitis at the Emergency hospital, Warren, Pa., at six o'clock a. m. March 20, 1907, aged 3 years, 2 months and 12 days. Mearl was taken sick on Wednesday previous to his death but his condition did not seem serious until Saturday, but began growing worse until Tuesday morning, when he was taken to the hospital where he was operated upon but without success, and he died in a few hours. His sickness was of short duration but his suffering was intense, which he bore very patiently. Mearl was a very bright and intelligent child for one of his age, and none knew him but to love him. He was missed very much, not only in his own home but among his playmates as well. He leaves to mourn their loss his parents, three brothers and two sisters, who have the sympathy of all in their sad bereavement. The remains were brought to the home of his parents at Porkey and from there taken to Shippenville on Thursday, where the funeral services were conducted Friday forenoon in the Lutheran church by the Lutheran minister, and the remains laid to rest in the cemetery at that place to await the resurrection morn. k. c. h.

Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say their grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It is all ways cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. Sold by Dunn & Fulton.
